

Battery Bracket for RED KOMODO (V- Mount)

SKU: 8375-0246

- Single Micro V-Mount
- Mounts directly onto the RED KOMODO camera via the integrated BP style battery plates
- LEMO connection from battery bracket to camera
- (2) P-Tap power outlets
- Vertical and horizontal mounting options

PRODUCT DESCRIPTION

The Anton/Bauer RED KOMODO direct fit battery bracket allows you to power the RED KOMODO with micro Gold-Mount batteries. The battery bracket mounts via the KOMODO's integrated BP style battery plates for a secure connection and a streamline look. The bracket features a LEMO connection from battery bracket to the camera and offers 2 x P-Tap power outlets allowing you to power not only the camera, but other accessories such as a monitor and wireless video for hours.

This premium made bracket features vertical and horizontal mounting options allowing you to rotate the battery on the back of the camera to suit your rigging style and is capable of withstanding thousands of battery attachments.
