SKU: 8675-0178

Pure Production Power

PRODUCT DESCRIPTION

The DIONIC 26V battery system is a dedicated solution designed to power the high-performance production equipment needed to meet the demanding cinematography standards of today. A native 26V battery with continuous 12A current to deliver over 300W of consistent power means you can run large LED panels for longer, producing hours of full intensity creative lighting or drive power-hungry cine cameras or high-speed cine cameras. When your production demands peak performance, DIONIC 26V batteries ensure that you have the power.
