

Sony FX6 Gold-Mount Micro Battery Slide Pro

SKU: 8375-0249

PRODUCT DESCRIPTION

Power a Sony-FX6 camera for hours with the Anton/Bauer FX6 Micro Battery Slide Pro.

The custom-designed aluminum mount weighs just 1.0lbs and attaches seamlessly into the Extension Unit Connector on the top of the camera providing a secure platform to mount a Gold-Mount battery directly to the camera with a streamlined profile that fits perfectly into a camera case for compact packing.

The Battery Slide Pro plate steps up the output of a 14.4V battery to the required 19.5V DC, delivered to the camera via the DC-In port. The unique quick-hinge design retains access to the camera's internal BPU battery compartment allowing continuous shooting by hot-swapping internal and external batteries.

The bracket features multiple ¼-20 threaded holes & 2 integrated P-Tap ports delivering power to run additional accessories.

- Compact & lightweight Gold-Mount Bracket.
- Mounts directly onto the Sony PXW-FX6 camera without rods.
- (2) P-Tap power outlets.
- Allows access to BPU Battery compartment for hot-swapping.
- Allows attachment of micro or regular sized batteries.
