

Titon Base Kit - for Fujifilm NPW126 Compatible

SKU: 8275-0139

Anton/Bauer Titon Base Kit, for Fujifilm
NPW126 Compatible

PRODUCT DESCRIPTION

The powerful yet slim and light Titon Base delivers 68Wh of consistent power to run DSLR, mirrorless and small-form pocket cinema cameras for hours. A single lightweight compact power hub with P-Tap to Fujifilm X-H1, X-T2, X-T3 allows you to power the camera with your Titon Base Battery. The cable regulates power from the P-Tap to the proper voltage required by the camera. Custom cable lengths can be arranged. Email info@woodencamera.com for details. Cable length: 20 inches (508mm) Titon Base will run cameras more than five times longer than the standard manufacturer batteries supplied allowing you to stay fast and agile. Three P-Tap ports and a high-speed USB port deliver dependable premium power for camera accessories including monitors, and wireless transmitters or even a boost to your phone at the end of a long day.
