

Titon Base Kit - for NIKON EN-EL15 compatible

SKU: 8275-0141

Anton/Bauer Titon Base Kit, for NIKON
EN-EL15 compatible

PRODUCT DESCRIPTION

The powerful yet slim and light Titon Base delivers 68Wh of consistent power to run DSLR, mirrorless and small-form pocket cinema cameras for hours. A single lightweight compact power hub with P-Tap to Nikon D500, D610, D750, D800, D810, D850, D7000, D7100, D7200, D7500, Z6, Z7 (20"") allows you to power the camera with your Titon Base Battery. The cable regulates power from the P-Tap to the proper voltage (9v) required by the camera. Cable length: 20 inches (508mm) Titon Base will run cameras more than five times longer than the standard manufacturer batteries supplied allowing you to stay fast and agile. Three P-Tap ports and a high-speed USB port deliver dependable premium power for camera accessories including monitors, and wireless transmitters or even a boost to your phone at the end of a long day.
