

Anton/Bauer GM2 / VM2 Dual Charger

ANTON
BAUER

Intelligent charging with power to spare. Charge two V-Mount or Gold-Mount batteries simultaneously while powering your camera accessories with the lightweight and portable Anton/Bauer VM2, GM2 battery charger. Lithium-ion batteries, like the Anton/Bauer GO 90 (98Wh 8A) charge in approximately 3 hours. The XLR4 output converts AC to DC power when charging or can be used to deliver battery power to devices that only have an XLR input.

Lightweight, compact dual battery charger.

The portable, packable charging solution

A power-up wherever you need it. With two V-Mount or Gold Mount battery mounts and an XLR4 DC output the Anton/Bauer VM2, GM2 charger is the ideal solution for roaming imagemakers. Simply connect to AC power and pop the integrated support stand to create a quick-to-set-up plug and play charging station for V-mount or Gold Mount batteries, and a 16.7VDC 4.5A convertor for XLR power input devices. The slim profile is designed to stack and pack, perfect for transportation when space matters.

Advanced safety monitoring

Protection your batteries and devices

Stays cool in the heat of the action. VM2 and GM2 chargers are designed to protect your batteries and any powered devices from damage. Intelligent safety technology in the VM2 and GM2 constantly monitors all devices and will automatically stop charging if a fault is detected or any attached battery reaches an overvoltage condition. A built-in fan ensures that the charger can be relied on for peak performance when things start heating up on set.

Charge two batteries simultaneously

100 to 240 VAC
1.5A input

Anton/Bauer P-Tap Charger

The Anton/Bauer P-Tap charger is the perfect solution for charging 14V batteries when you are out on the go. The charger slips easily into your pocket or backpack - no need to carry a V-Mount or Gold Mount charger - simply plug the lightweight charger into an Anton/Bauer or other P-Tap charge compatible battery for a boost of power, perfect for adventurous filmmaking where each ounce counts.

Lightweight, compact travel charger

The go-anywhere charger

The Anton/Bauer P-Tap Charger fits into your pocket, backpack or any equipment case to provide convenient charging without compromising on performance, perfect for travelling when weight matters and space is at a premium. The P-Tap charger fully charges most 10A videographer batteries in approximately six hours to keep your story moving.

Compatible with global standards

The charger that loves to travel

The Anton/Bauer P-Tap charger delivers consistent high-performance battery charging whether you are at home or anywhere else in the world. US, EU and UK power outlet adapters are included enabling you to safely charge your batteries in most countries without the need for extra international travel plug adapters or power transformers.
