## End User Account

Addendum 3: Gold Mount,  
V-Mount and B-Mount  
Charger Trade-in

To ensure our Trade-in and Recycling Program is accessible for as many users as possible, we have created two methods to trade-in your unwanted eligible chargers and buy new Anton/Bauer Chargers at a discounted rate.

### Eligible Chargers include

- Anton/Bauer or other manufacturers
- Gold Mount, V-Mount and B-Mount (only)
- (2) or (4) position
- Any Condition

**Method #1:** visit a participating channel partner to recycle your batteries and purchase your Anton/Bauer charger(s). To locate a Trade-in and Recycling Partner near you, please visit our Trade-in and Recycling Channel Partner Locator (<https://www.antonbauer.com/en/trade-in/#ce3594d5-2cfc-42b9-9d23-d0c399a1cab7>). When trading in and purchasing through these partners, bring your eligible charger(s) to their location, and purchase your discounted Anton/Bauer charger(s) at up to 25% off List Price.

**Method #2:** is for customers unable to locate a participating Trade-in and Recycling Partner near them. Please follow the instructions listed below to trade-in your charger(s) to our Shelton, CT location and purchase new Anton/Bauer charger(s) directly from us. We do not want you to be without a charger until your new one arrives! When placing your new order, tell us how many chargers you are trading in, and provide us with the shipping label / tracking information you are using. Method #2 steps are as follows:

1. Contact Vitec Production Solutions ([salesupport\\_usa@vitecgroup.com](mailto:salesupport_usa@vitecgroup.com)) or 1 800-422-3473 to purchase your Anton/Bauer charger(s) at the "Trade-in and Recycling Program" discounted price of up to 25% off List Price.
  - a. The order must only include Anton/Bauer Trade-in and Recycling Program products (eligible batteries and/or chargers)
  - b. The order should reflect the "Trade-in and Recycling Program" price found in Addendum #1. The discounted prices are downloadable from the Trade-in and Recycling Program Partner Locator site (<https://www.antonbauer.com/en/trade-in/#ce3594d5-2cfc-42b9-9d23-d0c399a1cab7>)
  - c. Reference the "Anton/Bauer Trade-in and Recycling Program" when ordering
2. Return trade-in chargers to the following address:

Vitec Production Solutions  
Attn: A/B Charger Trade-in and Recycling Program / <insert your company name here>  
14 Progress Drive  
Shelton, CT 06484
